

Rockwell Parts

Rockwell Part - The company of AxleTech International is a big supplier of specialty vehicle drive-train systems and parts together with off highway vehicles. They take great pride in being a chosen supplier to their customer base. AxleTech strives to exceed and meet their clients' expectations for delivery, quality, service and technology. They believe in working in an environment which supports the utmost integrity with empowered collaboration, together with a relentless pursuit of results.

AxleTech International falls under the umbrella of General Dynamics. They place great emphasis on being an environmentally conscious business and providing a safe environment for their employees to work in. In addition, they have applied various programs within the company to help articulate these values within their business policy. AxleTech gladly shares this policy and welcomes interested parties to offer them with whatever comments or questions, since they are glad to share and promote this policy with a greater understanding of their efforts. They are extremely committed to improving and preserving the environment. AxleTech has an EHS program that not just protects the natural world but which likewise actively protects their staff and neighbors also.

AxleTech prides themselves as being an innovative drive-train solutions provider. They specialize in manufacturing and designing planetary axles used for both commercial and military applications. These applications vary from airport ground support to construction equipment. AxleTech specifically designs axles to meet certain application demands. They have more than one thousand different axle specs within their existing offering. With over one hundred years of skill and history, AxleTech proudly supplies the most complete solution for whichever of your axle needs. The business is well known in many military and commercial applications. They provide complete axle assemblies used for aftermarket replacement requirements, along with servicing axle needs for OE production. Their high mobility ISAS have added details which can be seen in the "ISAS" product selection.
